3) PRE-CONFERENCE WORKSHOPS

CMD Exam Review

Friday, June 10 and Saturday, June 11, 8:00 am - 5:00 pm (EDT)

This CMD exam review course will be presented over two days and will cover all topics mentioned in the exam matrix on the MDCB website. Special focus will be given to Treatment Planning, Dose Calculation Methods, Localization Techniques, Quality Assurance, Radiation Protection, Brachytherapy and Radiation Physics. Registration includes full access to live lectures, breakfast and lunch both days and access to review recordings online.

Both in-person and virtual attendees will receive a hyperlink to download supporting materials approximately 2-3 weeks before the meeting. After the meeting, attendees will be able to re-watch a recording of the workshop online. Virtual attendees will watch and contribute to the course discussion live and will receive a log-in URL and password before the meeting. 12 - 16 MDCB credits anticipated.

CMD Exam Review: \$650 (in-person)

CMD Exam Review: \$650 (virtual)

Radiation Oncology Billing and Coding Workshop

Saturday, June 11, 9:00 am - 1:00 pm (EDT)

In this 4-hour workshop, the presenters will educate attendees on documentation, coding and billing for radiation oncology. Principles will follow published payor guidelines and common practice patterns experienced nationwide. Significant focus will be provided on coding and billing updates for 2016 and how annual updates dictate necessary changes in processes and workflows in oncology departments. Course materials will include adequate time on the different modalities utilized for treatment in modern cancer centers including how oncology specific electronic medical records can assist with compliance goals for documentation of procedures, code capture and daily billing verification. 4 MDCB credits anticipated.

Radiation Oncology Billing and Coding Workshop: \$175

Contouring Workshop

Saturday, June 11, 9 am - 4 pm (EDT)

The Contouring Workshop will incorporate successful elements of past workshops with new features and format based on suggestions from past workshop participants. The anatomical region of study this year will be the pelvis, with a special focus on the small bowel, sigmoid and rectum. The workshop format has been designed to optimize learning using a combination of hands-on contouring, targeted lectures, visual training, individual analysis of contours and identification of variability. The workshop is divided into seven parts: 1) introductions and statement of goals; 2) training on MIM contouring software to be used during workshop; 3) individual contouring of the critical organs; 4) lecture by expert radiation oncologist, giving general rules and techniques, and giving interesting examples of special cases; 5) presentation of quantitative analysis of participant contour variation and comparison to

the gold standard; 6) discussion and interactive study of individual contours (from step #3) vs. the gold standard contours; and 7) continued lecture of other critical organs found in the same patient dataset. 6 MDCB credits anticipated. Workshop includes a one-hour break for lunch on own.

Contouring Workshop: \$225 (50 seats)

4) GENERAL SESSION WORKSHOPS

Treatment Planning System Workshops

Saturday, June 11 - Wednesday, June 15 (*concurrent with General Session*)

Registration: FREE (*pre-registration required*)

AAAMD is once again partnering with Varian, Elekta, Philips and RaySearch to bring Treatment Planning System Workshops to the Annual Meeting. Each company will provide 6 hours of hands-on training for each of their respective systems. These workshops will be broken into 2 sessions. The first will be geared toward new or beginner level users while the second will be geared toward more advanced users. Registration is FREE to any Full Meeting registrant, but attendees may only attend ONE of these workshops during the week. Seating is limited. 3 MDCB Credits Anticipated.

Varian/Eclipse — Saturday, June 11

9:00 am – 12:00 pm (Advanced Users) (25 seats)

1:00 pm – 4:00 pm (Advanced Users) (25 seats)

Varian/Eclipse – Sunday, June 12

8:20 am – 11:20 am (New Users) (25 seats)

1:00 pm – 4:00 pm (Advanced Users) (25 seats)

Philips/Pinnacle – Monday, June 13

8:00 am – 11:00 am (Advanced Users) (25 seats)

1:15 pm – 4:15 pm (Advanced Users) (25 seats)

Elekta/Monaco – Tuesday, June 14

8:10 am – 11:10 am (New Users) (15 seats)

1:15 pm - 4:15 pm (Advanced Users) (15 seats)

RaySearch/RayStation – Wednesday, June 15

8:00 am - 11:00 am (New Users) (20 seats)

1:00 pm - 4:00 pm (Advanced Users) (20 seats)

Image Registration Workshop

Wednesday, June 15, 1:00 pm - 3:00 pm (EDT)

Registration: FREE (pre-registration required)

Image registration is a valuable tool in cancer diagnosis, staging, and treatment planning. Workshop participants will learn the methodology behind rigid and deformable registration techniques as well as clinical applications such as image guided tumor targeting, adaptive radiation therapy, dose accumulation, and therapy response assessment. The workshop will explore the importance of quality assurance of deformable registration as well as evaluation methods. The workshop will include a hands-on session in which attendees will have the opportunity to apply the registration and evaluation techniques. 2 MDCB credits anticipated.

Image Registration Workshop (25 seats)

JUNE 12-16, 2016

TURNING UP THE HEAT ON CANCER

Optimizing Tomorrow's Plans under Today's Constraints

MIM Software Users - Advanced Training

Wednesday, June 15, 3:30 pm - 5:30 pm (EDT)

Registration: FREE (pre-registration required)

This course, designed for current MIM users, moves beyond the basic tools and program navigation of MIM Software and will explore advanced features including automatic contouring tools and deformable registration. The process of performing a deformable registration will be demonstrated with applications specific to dose, atlas-based contouring, and adaptive therapy. Participants will also be guided through dose accumulation and automatic reporting of dose constraints. 2 MDCB credits anticipated.

MIM Software Users - Advanced Training (25 seats)

PAYMENT OPTIONS

Payment information below will be used strictly for annual meeting registration fees.

- Check
- Visa MasterCard AMEX

Card Number _____

Name as it appears on card: _____

Exp: _____ / _____ CVC/CVV Code _____

Cardholder Signature _____ Date _____

Contact Phone: _____ Day Evening/weekends

Email: _____

Member Registrations are subject to verification.

Checks to pay for registrations sent by FAX must be received within 14 days. Checks must be received by May 30, 2016. After that date, checks will be accepted at the Atlanta registration desk.

Registration Refund and Cancellation Policy:

Meeting Registrations cancelled after May 13, 2016 will be subject to a cancellation penalty of \$100 per registrant. Cancellations must be processed through the meeting registration website, e-mailed to atlanta2016@medicaldosimetry.org, or received in writing by May 13, 2016 at the address below:

Payment Summary

1) Registration Fee Total \$ _____

2) Ticketed Event Total \$ _____

3) Pre-Conference Workshop Total \$ _____

4) Additional Items Total \$ _____

Total Payment \$ _____

5) ADDITIONAL ITEMS

- CAMPEP Credits Processing: \$30
- Wednesday Concurrent Session Recording Credits – Up to 7 Bonus CEs: \$50

(Note: Attend the concurrent sessions of your choice on Wednesday, June 15, and then gain access to online recordings of the other concurrent sessions with this option. You will be able to earn CE credits by watching the recordings and taking short quizzes.)

Optional Lunch Symposiums - Boxed Lunch Ticket

(Free, but pre-registration is required.)

If you'd like to attend 1 or 2 of these bonus educational events, please select the symposium(s) you wish to attend. Limit 2 lunch symposium selections per attendee. 1 MDCB credit anticipated for each symposium. *Note: 125 boxed lunches will be available daily. However, there will be additional seating available for attendees to enjoy the educational program and earn CE credits.*

- Sunday, June 12: Sponsored by .decimal® (125 seats)
- Monday, June 13: Sponsored by Elekta (125 seats)
- Tuesday, June 14: Sponsored by Philips (125 seats)
- Wednesday, June 15: Sponsored by Accuray (125 seats)

Checks should be made payable to AAMD. Registration forms and payment should be mailed to:
